

## *Got Paper?*

We understand the hassle that is associated with recycling, and the guilt that comes with not recycling. In the hopes of encouraging more Hoopa Tribal entities to recycle and join in the effort to reduce waste, TEPA is coordinating a paper recycling pick-up. TEPA will pick-up used office paper and transport it to Arcata Community Recycling Center.

Paper will need to be sorted into three types: **Office Pack**, **Newspaper**, and **Glossy**.

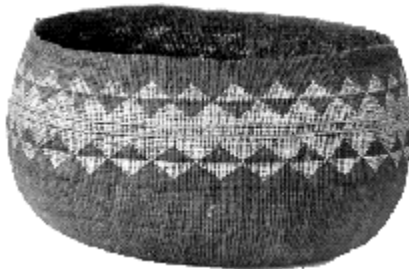

(Office Pack includes: file folders, white, colored, stapled, clipped and shredded paper, as well as unwanted books. Glossy includes: magazines, glossy newspaper ads, or any paper with shiny colored printing. Newspaper includes all newsprint, excluding glossy newspaper ads.)

Up to three bins will be offered to each interested tribal entity to store each type of paper. Pick-up times will be determined depending on the amount of amount of time that the bins get filled up.

Thank you for your interest and cooperation in reducing the amount of paper waste on the Hoopa Valley Indian Reservation.

RECYCLE TODAY FOR A BETTER TOMMORROW.
